Subject Index

American Board of Thoracic Surgery
  notices, 88, 103, 242, 329, 457
Anastomosis. *See* Revascularization
Aneurysm
  congenital, of left atrium (Behrendt and Aberdeen), CASE REPORT, 54
  mycotic, of ascending aorta due to *Sarcina lutea* (Lopez and Dobell), CASE REPORT, 607
  traumatic, of aortic arch (Mittal et al.), CASE REPORT, 494
  ventricular
    five unusual cases (Szentpetery et al.), 330
    left (Chesler et al.), EDITORIAL, 407
Aorta
  abdominal
    deliberate renal ischemia during operations on (Brawley et al.), 356
    spontaneous rupture following resection for coarctation (Mirza et al.), CASE REPORT, 261
  ascending
    mycotic aneurysm of due to *Sarcina lutea* (Lopez and Dobell), CASE REPORT, 607
    subcoronary, successful repair of dissection of (Cohn et al.), CASE REPORT, 60
  response to single-segment intraaortic balloon pumping as related to aortic compliance (Lin et al.), 468
  traumatic aneurysm of aortic arch (Mittal et al.), CASE REPORT, 494
Aspergillosis, pulmonary (Eastridge et al.), 397
Atrium. *See* Heart, atrium

Bands, nylon, for closure of median sternotomy incisions: unacceptable method (Sanfelippo and Danielson), NOTE, 404
Bile ptyalism associated with chest trauma and sickle cell crisis simulating bronchobiliary fistula (Sutherland et al.), 537
Blood flow. *See* Hemodynamics
Blood vessels. *See also* Revascularization
  aberrant right subclavian artery: a doubtful cause of symptoms (Comer et al.), 559
  current status of infraclavicular subclavian vein catheterization (Borja), CURRENT REVIEW, 615
Books reviewed
  Principles and Techniques of Cardiac Pacing, by Furman and Escher (Hatcher and Dorney), 89
  Surgical Treatment of Coronary Arteriosclerosis, by Favaloro (Sewell), 516
Bronchial brush biopsy in evaluation of indeterminate lung densities (Zavala et al.), 519
Bronchus
  bile ptyalism associated with chest trauma and sickle cell crisis simulating bronchobiliary fistula (Sutherland et al.), 537
  bronchial brush biopsy in evaluation of indeterminate lung densities (Zavala et al.), 519
  bronchopleural fistulas: how often should they occur? (Boyd and Spencer), EDITORIAL, 195
  carcinoid and adenoid cystic carcinoma of (Toole and Stern), COLLECTIVE REVIEW, 63
  effect of histological cell type on prognosis of patients with bronchogenic carcinoma (Kirsh et al.), 303
  regional functional decrease in bronchial carcinoma (Svanberg), 170

Cancer. *See* Tumors
Cardiac arrest
  anoxic, experimental study of subendocardial hemorrhagic necrosis after (Iyengar et al.), 214
  prolonged, at low body temperature, morphological alterations in vital organs after (Rittenhouse et al.), 564
Cardiopulmonary bypass
  changes in 2,3-diphosphoglycerate after (Ecker et al.), 364
  coronary artery perfusion with new self-retaining catheter (Berger), NOTE, 192
  damage to isolated hearts by oxygenators (Brown et al.), 575
  effect of ACD blood prime on plasma calcium and magnesium (Killen et al.), 371
  effect of extracorporeal circulation on serotonin metabolism (Iliçin et al.), 225
  evaluation of central venous pressure as guide to volume replacement in children following (Gazzaniga et al.), 148
  left heart decompression by closed gravity drainage (Green and Mekhjian), NOTE, 612
Catheter(s)
  chest, technique for maintaining patency of following open-heart surgery (Resnicoff et al.), NOTE, 190
  self-retaining, new, coronary artery perfusion with (Berger), NOTE, 192
Cell type, histological, effect on prognosis of patients with bronchogenic carcinoma (Kirsh et al.), 303
Central venous pressure as guide to volume replacement in children following cardiopulmonary bypass, evaluation of (Gazzaniga et al.), 148

January issue, pp. 1–96; February issue, pp. 97–198; March issue, pp. 199–302; April issue, pp. 303–410; May issue, pp. 411–518; June issue, pp. 519–632.

Chest. *See also* Thorax
Silastic implants for treatment of pectus excavatum (Stanford et al.), 529
Collective and current reviews
carcinoid and adenoid cystic carcinoma of bronchus (Toole and Stern), 63
current status of infraclavicular subclavian vein catheterization (Borja), 615
mediastinoscopy: anatomical relationships and complications (Foster et al.), 273
thymus and myasthenia gravis (Thomas), 499
Correspondence
defense of High-pressure, high-resistance ventricular septal defect (Castaneda), 197
defense of Preoperative and postoperative cardiac output determinations using an instantaneous pulmonary capillary blood flow method (Greenberg), 629
reply to Bronchopleural fistulas: how often should they occur? (Boyd and Spencer) (Beskin), 630; (Ravitch), 288; (Takaro et al.), 287
reply to discussion of Open mitral valvulotomy (Roe et al.) (Scannell), 198
reply to Epsilon-aminocaproic acid for bleeding after cardiopulmonary bypass (Midell et al.) (Verska), 87
reply to High-pressure, high-resistance ventricular septal defect (Castaneda et al.) (Ankeney), 197
reply to Preoperative and postoperative cardiac output determinations using an instantaneous pulmonary capillary blood flow method (Greenberg et al.) (Cheng), 629
reply to Treatment of esophageal disruption by intubation (Berger and Donato) (Fischer), 630
CPPB (continuous positive-pressure breathing) and concept of total care of injured lung (Ashbaugh), EDITORIAL, 513

Defibrillation, internal-external, in presence of pericardial symphysis (Roe), NOTE, 188
2,3-Diphosphoglycerate, changes after cardiopulmonary bypass (Ecker et al.), 364
Dissection. *See* Rupture

Editorials
appropriate alternatives to open thoracotomy for diagnosis of pulmonary lesions (Neff), 625
bronchopleural fistulas: how often should they occur? (Boyd and Spencer), 195
injured lung—CPPB and concept of total care (Ashbaugh), 513
left ventricular aneurysm (Chesler et al.), 407
residency training programs in thoracic and cardiac surgery—1972 (Dugan), 82
Esophagus
lower, columnar-lined, conservative operations for peptic esophagitis with stenosis in (Naef and Savary), 543
penetrating wounds of (Symbas et al.), 552
and stomach, aggressive surgical treatment for caustic injury of (Gago et al.), 243
treatment of esophageal disruption by intubation (Berger and Donato), 27
Extracorporeal circulation. *See* Cardiopulmonary bypass

Fascia lata
autologous, supported, for heart-valve replacement, two-year experience (Ross et al.), 97
pulmonary valve replacement with (Lincoln et al.), 104
Fistula(s)
bronchobiliary, bile ptyalism associated with chest trauma and sickle cell crisis simulating (Sutherland et al.), 537
bronchopleural, how often should they occur? (Boyd and Spencer), EDITORIAL, 195
Foramen ovale, patent. *See under* Heart

Grafts. *See* Heart; Heart valves, grafts; Lung; Revascularization

Heart. *See also* Cardiac arrest; Heart valves; Open-heart surgery; Revascularization
atrium
closed interatrial septostomy (Azzolina et al.), 338
left, congenital aneurysm of (Behrendt and Aberdeen), CASE REPORT, 54
canine, orthotopic homotransplanted, hemodynamics of (Chartrand et al.), 15
clinical experience with cardiac myxoma (Collins and Collins), 450
damage to isolated hearts by oxygenators (Brown et al.), 575
gunshot wounds of (Carrasquilla et al.), 208
incidence and significance of patent foramen ovale after correction of tetralogy of Fallot (Levine et al.), 464
internal-external defibrillation in presence of pericardial symphysis (Roe), NOTE, 188
left heart decompression by closed gravity drainage (Green and Mekhjian), NOTE, 612
morphological alterations in vital organs after prolonged cardiac arrest at low body temperature (Rittenhouse et al.), 564
postoperative myocardial rupture following internal mammary artery implantation (Cheanvechai and Effler), 458
pulmonary artery banding in infants with complex congenital heart defects (Oldham et al.), 342
tetralogy of Fallot
encircling an aorta-to-pulmonary artery shunt for simple closure at total correction (Meckstroth), NOTE, 269
fate of outflow tract in (Hawe et al.), 137
incidence and significance of patent foramen ovale after correction of (Levine et al.), 464

Heart—*Continued*
operative management of Blalock-Taussig anastomosis during total repair of (Elkins et al.), 589
ventricle
five unusual cases of ventricular aneurysm (Szentpetery et al.), 330
left ventricular aneurysm (Chesler et al.), EDITORIAL, 407
ventricular septal defect(s)
isolated, large, with and without transposition of great arteries, method of banding the pulmonary artery for (Trusler and Mustard), 351
multiple (Breckenridge et al.), 128
traumatic (Turney et al.), 36
Heart valves
grafts
comparison of viable and betapropiolactone-treated orthotopic homologous aortic valves in dogs (Mohri et al.), 199
heart valve replacement with aortic heterografts (Ionescu et al.), 1
long-term results after aortic valve replacement with preserved aortic homografts (Gonzalez-Lavin et al.), 594
pulmonary valve replacement with fascia lata (Lincoln et al.), 104
two-year experience with supported autologous fascia lata for heart-valve replacement (Ross et al.), 97
immediate hemodynamic response to correction of cardiac valvular lesions (Carey and Plested), 311
prosthetic
changes in durability of silicone rubber in ball-valve prostheses (Hylen et al.), 324
low-profile, polypropylene poppets for (Detmer et al.), 122
surgical correction of rheumatic valvular disease: late survival with Kay-Suzuki valve (Kay et al.), 110
surgical correction of rheumatic valvular disease: late survival with Kay-Suzuki valve (Kay et al.), 110
Hemodynamics
blood flow measurements in internal mammary artery implanted into myocardium (Yokoyama and Sakakibara), 155
immediate hemodynamic response to correction of cardiac valvular lesions (Carey and Plested), 311
of orthotopic homotransplanted canine heart (Chartrand et al.), 15
response to single-segment intraaortic balloon pumping as related to aortic compliance (Lin et al.), 468
use of diastolic reactive hyperemia to evaluate coronary vascular system (Reneman and Spencer), 477
Hyperemia, diastolic reactive, use of to evaluate coronary vascular system (Reneman and Spencer), 477
Hypertension, microembolic pulmonary, effects of pulmonary allotransplantation in dogs with (Weedn et al.), 181

Ischemia, renal, deliberate, during operations on abdominal aorta (Brawley et al.), 356

Lung
appropriate alternatives to open thoracotomy for diagnosis of pulmonary lesions (Neff), EDITORIAL, 625
bronchial brush biopsy in evaluation of indeterminate densities of (Zavala et al.), 519
continuous measurement of pulmonary gas exchange and mechanics (Turney et al.), 229
effects of pulmonary allotransplantation in dogs with microembolic pulmonary hypertension (Weedn et al.), 181
implantable artificial (Shah-Mirany et al.), 581
injured, CPPB and concept of total care (Ashbaugh), EDITORIAL, 513
management of white lung syndrome (Brown et al.), 411
morphological alterations in vital organs after prolonged cardiac arrest at low body temperature (Rittenhouse et al.), 564
new look at hyperacute rejection (Cook et al.), 388
pulmonary alterations in acutely injured patient (Okies et al.), 420
pulmonary aspergillosis (Eastridge et al.), 397
Wegener's granulomatosis with solitary pulmonary lesions (Davis et al.), 427

Materials for surgery
evaluation of materials used for pulmonary artery banding in piglets (Stark et al.), 163
nylon bands for closure of median sternotomy incisions: unacceptable method (Sanfelippo and Danielson), NOTE, 404
Silastic implants for correction of pectus excavatum (Stanford et al.), 529
Mediastinoscopy
anatomical relationships and complications of (Foster et al.), CURRENT REVIEW, 273
bronchogenic cyst successfully treated by (Ginsberg et al.), CASE REPORT, 266
Mediastinum, widened, in trauma (Attar et al.), 435
Myasthenia gravis, thymus and (Thomas), CURRENT REVIEW, 499

Necrosis, subendocardial hemorrhagic, after anoxic cardiac arrest, experimental study of (Iyengar et al.), 214

Open-heart surgery, technique for maintaining patency of chest catheters following (Resnicoff et al.), NOTE, 190
Oxygenators. *See* Cardiopulmonary bypass

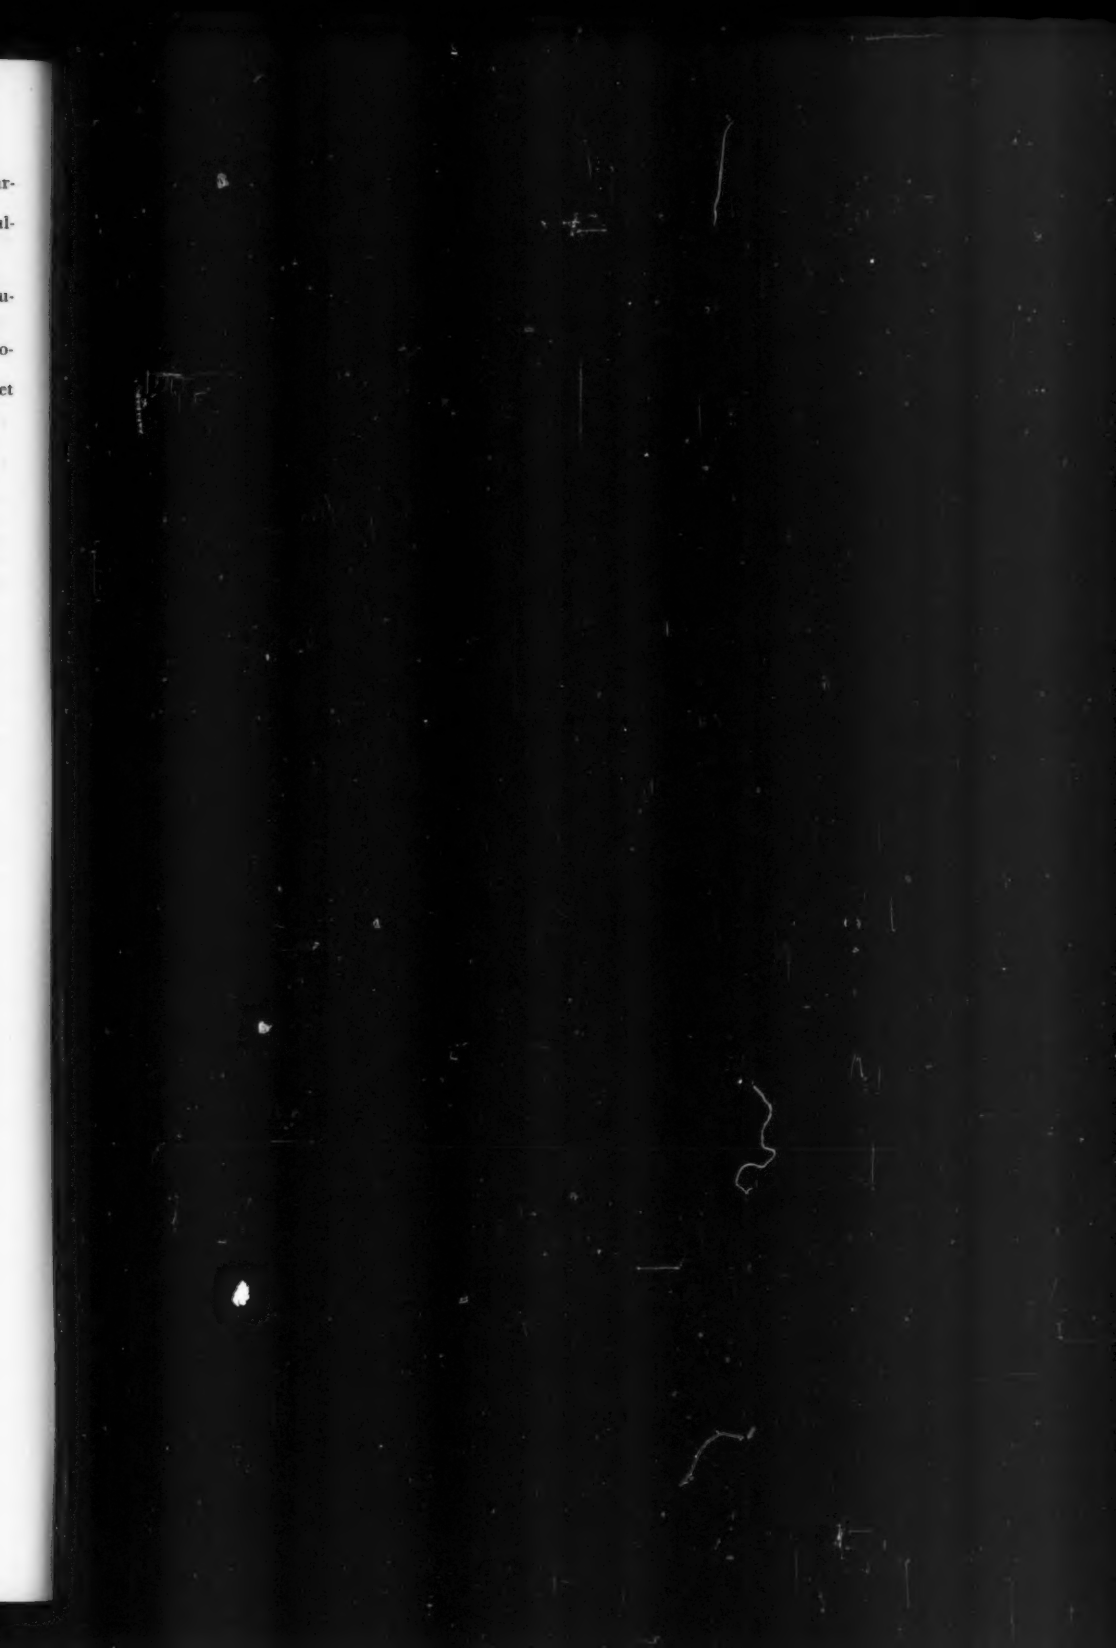
Pectus excavatum, Silastic implants for correction of (Stanford et al.), 529
Perfusion. *See* Cardiopulmonary bypass
Plasma calcium and magnesium, effect of ACD blood prime on (Killen et al.), 371
Polypropylene poppets for low-profile prosthetic heart valves (Detmer et al.), 122
Pulmonary artery banding, evaluation of materials used in piglets (Stark et al.), 163
Pulmonary gas exchange and mechanics, continuous measurement of (Turney et al.), 229

Rejection, hyperacute, new look at (Cook et al.), 388
Revascularization
  blood flow measurements in internal mammary artery implanted into myocardium (Yokoyama and Sakakibara), 155
  postoperative myocardial rupture following internal mammary artery implantation (Cheanvechai and Effler), 458
  subintimal obliterative proliferation in saphenous vein grafts (Hamaker et al.), CASE REPORT, 488
  use of diastolic reactive hyperemia to evaluate coronary vascular system (Reneman and Spencer), 477
Ribs, primary tumors of (Schmidt and Trummer), 251
Rupture
  myocardial, postoperative, following internal mammary artery implantation (Cheanvechai and Effler), 458
  spontaneous, of abdominal aorta following resection for coarctation (Mirza et al.), CASE REPORT, 261
  successful repair of subcoronary ascending aortic dissection (Cohn et al.), CASE REPORT, 60
  traumatic aneurysm of aortic arch (Mittal et al.), CASE REPORT, 494
  widened mediastinum in trauma (Attar et al.), 435

Sarcina lutea, mycotic aneurysm of ascending aorta due to (Lopez and Dobell), CASE REPORT, 607
Serotonin metabolism, effect of extracorporeal circulation on (Iliçin et al.), 225
Sickle cell crisis and chest trauma, associated bile ptyalism simulating bronchobiliary fistula (Sutherland et al.), 537
Silastic implants for correction of pectus excavatum (Stanford et al.), 529
Silicone rubber in ball-valve prostheses, changes in durability of (Hylen et al.), 324
Society of Thoracic Surgeons, The
  membership roster, 291
  notices, 250, 518, 632
  officers, 290
Southern Thoracic Surgical Association
  membership roster, 90
  notices, 86, 310, 426, 528
Stenosis and peptic esophagitis in columnar-lined lower esophagus, conservative operations for (Naef and Savary), 543
Stomach and esophagus, aggressive surgical treatment for caustic injury of (Gago et al.), 243

Tetralogy of Fallot. *See* Heart, tetralogy of Fallot
Thoracic surgery
  poll on thoracic surgical training (Adkins et al.), 44
  residency training programs in thoracic and cardiac surgery—1972 (Dugan), EDITORIAL, 82
Thorax
  Silastic implants for correction of pectus excavatum (Stanford et al.), 529
  simplified method of chest wall reconstruction (Leininger et al.), CASE REPORT, 258
Thymus and myasthenia gravis (Thomas), CURRENT REVIEW, 499
Transfusion
  evaluation of central venous pressure as guide to volume replacement in children following cardiopulmonary bypass (Gazzaniga et al.), 148
Transplantation
  effects of allotransplantation in dogs with microembolic pulmonary hypertension (Weedn et al.), 181
Transposition of great arteries, method of banding the pulmonary artery for large isolated ventricular septal defect with and without (Trusler and Mustard), 351
Trauma
  aggressive surgical treatment for caustic injury of esophagus and stomach (Gago et al.), 243
  chest, and sickle cell crisis, associated bile ptyalism simulating bronchobiliary fistula (Sutherland et al.), 537
  gunshot wounds of heart (Carrasquilla et al.), 208
  injured lung—CPPB and concept of total care (Ashbaugh), EDITORIAL, 513
  penetrating wounds of esophagus (Symbas et al.), 552
  pulmonary alterations in acutely injured patient (Okies et al.), 420
  traumatic aneurysm of aortic arch (Mittal et al.), CASE REPORT, 494
  traumatic ventricular septal defect (Turney et al.), 36

Trauma—*Continued*
widened mediastinum in (Attar et al.), 435
Tumors
carcinoid and adenoid cystic carcinoma of bronchus (Toole and Stern), COLLECTIVE REVIEW, 63
clinical experience with cardiac myxoma (Collins and Collins), 450
effect of histological cell type on prognosis of patients with bronchogenic carcinoma (Kirsh et al.), 303
primary, of ribs (Schmidt and Trummer), 251
regional functional decrease in bronchial carcinoma (Svanberg), 170
Wegener's granulomatosis with solitary pulmonary lesions (Davis et al.), 427

Ventricle. *See* Heart, ventricle
Ventricular septal defect. *See* Heart, ventricular septal defect(s)


Wegener's granulomatosis with solitary pulmonary lesions (Davis et al.), 427
White lung syndrome, management (Brown et al.), 411
